

Rod Holders / Alignment Clamps

Rod Guard® Canisters

- · Rod Guard[®] canisters and accessories provide great storage and inventory control for all your welding electrodes, rods and filler metals. Every one of them is made in America and built to last.
- · Each Rod Guard® canister is certified chloride-free and features a threaded cap with long-lasting neoprene seal to keep electrodes airtight, preventing them from being contaminated with atmospheric moisture.
- Rod Guard[®] canisters are constructed of high-impact polyethylene, which protects electrodes from damage.

36" (90 cm) Canister + 1 Meter Length

Specifically designed for 36" flux-coated bronze or brazing rod and tig filler-metals. Has 0.1" nominal wall thickness for added strength and durability. When long cap is removed, rod tips are exposed, allowing easy accessibility to canister's contents. Built with the same commitment to guality as the original Rod Guard®, with the form, fit and function you've come to expect.

Accessories Storage Rack

Perfect for organizing up to three canisters at the job site or workstation. Accommodates 14" or 18" electrodes. (Canisters sold separately.) Part No. RG-101

Ultra Clamps

The Ultra Clamp's three-point precision alignment assures the most accurate fit-up of 1" through 12" pipe. The main body of this versatile alignment tool is double-walled steel plate and guaranteed over the life of the product. Its simple, lightweight design has quick action and is ideal for all field and shop fit up use. The Sumner Ultra Clamp covers a wide range of pipe sizes that would normally take four separate tools
